Toronto, 15 Oct., 1913.

President R. A. Falconer,  
University of Toronto.

Dear Mr. President:

I recommend the appointment of Miss Jennie McFarlane, M.A., and Mr. G. H. Graham, M.A., as fellows in Botany, for the year 1913-14, at salaries of \$500 and \$450 respectively.

I am,

Very truly yours,

*J. H. Faull*

Toronto, 21 Oct., 1913.

Mr. C. G. Campbell,

Superintendent, University of Toronto.

Dear Mr. Campbell:

I desire to express my satisfaction in connection with the lamps recently installed by the Electrician. They embody all the good features of the Leitz lamps, lack several of their weak points, and possess besides an improvement which doubles their usefulness for our purpose. It is especially gratifying that you have been able to furnish us with these lamps at one-third the cost of the Leitz lamp.

I am,

Very truly yours,

(Sgd.) J. H. Faull

Note.- Before installing these lamps (100), we secured estimates on the most useful lamp in the market - one made by the Leitz Company, Wetzlar, Germany, and New York. The best quotation offered was slightly under \$6 each. The University Electrician has made a lamp, in which several of the weaknesses of the Leitz lamps have been eliminated, its good features, so far as we are concerned, retained, and an excellent improvement added, all at a price approximating \$1.75 each.

*J. H. Faull*

BOTANICAL LABORATORIES

UNIVERSITY OF TORONTO

22 October, 1913.

President R. A. Falconer,  
University of Toronto.

Dear Mr. President:

Out of the class that meets Thursday afternoon for laboratory work - a class of 91 - seven attended the inter-faculty games, 84 found a closed building. The order for closing reached us from the Executive offices of the University at twelve o'clock of the day of the games, at which time preparations had been made for the afternoon session, including a half day spent by one of the instructors in securing perishable material. On Wednesday, before making these preparations, I tried to verify an announcement in Varsity to the effect that "the University Buildings" would be closed on Thursday afternoon, and learned from both the Superintendent's office and your own that this was not authoritative.

May I make a suggestion - namely, that if a day is to be set apart for these games other than a Saturday, it be so designated in the Calendar. Why not hold these games in connection with the opening - say, following your address to the students, or on Thanksgiving Day?

As it is now, there are practically two laboratory holidays - including Thanksgiving Day - at the very beginning of the year, at a time when they are least needed and most disconcerting.

I am,

Very truly yours,

*J. H. Faull*

October 23rd, 1913

Professor J. H. Faull,  
University of Toronto.

Dear Professor Faull:

I have your letter with regard to the closing of the buildings last Friday. I regret that so many were disappointed in finding the classes postponed. The custom in the past has been to have the games on a Friday afternoon. This year owing to a mistake in the office of the Athletic Directorate they were placed on Thursday. It has been all along a matter of difficulty to get a day suitable for the Track Games, and it is hardly fair to handicap them as has so often been the case in addition to the superior prestige that Rugby Football has thereby throwing them into the shade. I will take the matter up with the Athletic Directorate to see if we cannot possibly arrange a Saturday in the future. Thanksgiving Day would not suit because so many of them are out of town.

Yours sincerely,

President.

President R. A. Falconer,  
University of Toronto.

Dear Mr. President:

In addition to the Fellows in Botany recommended in my communication of the 15th instant, I beg to nominate the following Class Assistants in Botany. H. C. Pugh, B.A., R. P. Wodehouse, B.A., H. C. Rutherford, Miss M. C. Tucker, and Miss S. L. Smith, the remuneration in each case to be \$60, and *H. B. Sifton at \$50.*

I am,

Very truly yours,

*J. H. Faull*

Jan. 6, 1914.

Dear President Falconer,

I did not attend the scientific meetings at Philadelphia as planned, and so have no claim on your appropriation for travelling expenses.

Thanking you for your courtesy,

Yours, very truly yours,

G. H. Fernald.

President R. A. Falconer,  
University of Toronto.

Dear Mr. President:

I recommend the appointment of C. H. Morse, Esq., as Class Assistant in Botany, at a remuneration of \$150.00. Mr. Morse is serving as a Class Assistant during the present term. I also ask that \$50.00 be paid to R. P. Wodehouse, B.A., for additional services performed as a Class Assistant.

I am,

Very truly yours,

*J. H. Faull.*

## BOTANICAL LABORATORIES

May 26, 1914.

The President  
University of Toronto.

Dear President Falconer,

I visited Cornell University and the Experiment  
Station at Geneva, N.Y., May 13-16. My expenses were  
\$26.45. Should you require a detailed statement I  
shall be glad to furnish it.

Thanking you for your courtesy in facilitating  
this trip, which was a profitable one,

I am, very truly yours,

J. H. Faull.
